AusAID funded through Australian RC and then through IFRC was AUD 500,000 and was used to cover the cost of 1 Truck with Crane, 1 Truck without Crane, Approx. 8,000 family kits, 1 Rub Hall Warehouse, 2,000 pcs of tarpaulins and 6,500 pcs of jerry cans.

TRC' S Lessons Learned

What needs improvement :

- Not enough TRC staffs to manage the work, especially in case that some staffs needs to take leave.
- Not enough working area [area for volunteers to work, car park for donors, warehouse space.
- Cannot control number of volunteer, volunteer database.

TRC' S Lessons Learned

Recommendations and followed up actions :

- Volunteer database management.
- Expand and improve work area including warehouse, parking etc.
- Set up TRC information center / call center

สภากาชาดไทย
The Thai Red Cross Society

Challenges

Challenges

- Relief supplies Management
- Pre stock
- Suppliers
- Donation Management
- Logistic Management
- Procurement / Disbursement
- Warehouse
