The Thai Red Cross heart-to-heart Relief Kit Project

Natural Catastrophes have increased in frequency, severity and last longer each time strikes duration. Flood, flash flood, mudslides, drought and unusual cold weather are some of the potential disasters that have devastating effects on the people living in affected areas.

The disaster is causing losses both lives and properties and creating difficulties in everyday life. Basic necessities are required to relief those difficulties those are food, water, medicines and clothing to name just a few. Your generous donation will help those who are in need.

The Thai Red Cross heart-to-heart Relief Kit Project

A Red Cross Relief Kit contains food, water, household medicine and daily necessities for a family to help them overcome their difficulties for about three days. Each Relief Kit value worth THB 1,000.00.
